2) This is a small work costing an expenditure of only Rs 3600/-

3) The municipal Council has again now resolved in its Resolution of 7/53 that the work may be got executed at the cost of the Govt as there is no Record to show its handing over to the Municipality.

4) Such a handing over arises only when the improvement work is executed by the Trust Board as in the case the village was excluded within the municipal limits and this road leading to it ought to come under the control of the Municipality automatically

S ubject - Recoating the road leading to Kyathamanahally from H.H.M.O I Circle.

With reference to your letter No. L. 15709/CM 10-52-9 dated 10-12-52 on the above subject, I write to state that the Council before whom the above letter came up for their consideration at the meeting held on 7-1-1953 wished to bring it to the kind notice of the Government that there was no regular road connecting the village Kyathamanahally to Mysore city prior to the inclusion of the village within the Municipal limits and there was only a cart track. After the inclusion of the village within the city limits, an estimate is seem to have been sanctioned by Government for the improvement of the road, as referred to in Chairman's letter No. D2. SG 142/50-51 dated 10-2-51 addressed to you. But the - repairs seem to be rather minor in their nature and at no time attention has been paid to a regular metalling of the road to bring it to condition by the City Improvement Trust Board. There is also no record to show that the road has been handed over to the Mysore City Municipal Council. The Council wished to state that taking action to bring it to condition was a work more in the nature of an improvement rather than maintenance. In these circumstances, the Council have resolved to request the Government to be pleased to have the work executed by their department. In enclosing herewith a copy of the resolution of the Council, I request that orders of
